

HELLO IRELAND SUMMER PROGRAMME

TEACHERS FEEDBACK

We are very interested in growing, improving and developing this programme for the coming years. As a teacher you have a unique hands-on view of this years programme and we would really value your suggestions and ideas for the future. We list some headings below and invite you to comment where there were problems or where you have suggestions.

1. Support Services for Teachers

- Photocopying
- Access to Audio/Visual facilities
- Computing
- Teachers Books
- Content of the "kit bag".
- Suggestions?

2. The classrooms (if there is a problem, please give room number)

- Size / ventilation
- Furniture
- Cleanliness
- Whiteboard
- Classroom Computer / datapjector
- Suggestions?

3. The Timetable

- First day and last day – any suggestions for improvement?
- Daily start-time
- Finish-time
- Number and duration of breaks
- Would you have been willing to work in the afternoons?

What is the maximum number of hours you would work per week on Hello Ireland?
Suggestions?

4. The curriculum and Books

Rather than develop a special curriculum, we use the book as a framework.
Does this work?

Was the textbook allocated to each group of students, suitable for the level of the students?

Did the pre-course test results sort the students into suitable groups for the level of the book?

We are exploring the possibility of on-line testing and marking – what do you think?

We provided the students book for the students rather than the workbook. This is an expensive option (double the cost) – was it worth the difference?

Have you used another textbook that you believe is better than Cutting Edge? If so, explain.
Suggestions?

5. The Students

Was the group size manageable?
Were there any discipline problems?

Attendance and punctuality?

Would it be better to have a mixed nationality group?
In Hello Ireland, the English and recreational programmes are handled by different people. Do you think it would be better if the teachers were involved in the recreational programme also?
Suggestions?

6. General Organisation of the programme

Would you have preferred a longer induction?
If so, what would you have liked us to cover?
Did you feel supported by Management?

Were our communications with you sufficiently frequent, clear and detailed?
Give us a mark out of 10 for overall organisation!

If you are available next Summer, would you like to work on Hello Ireland again?

Any other comments
